

A Powerful Solution for Industrial Applications

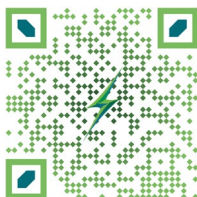

XALT Energy puts the charge into industrial motive applications, including:

- ▶ Tuggers
- ▶ Cranes
- ▶ Forklifts
- ▶ Pallet jacks
- ▶ Elevators
- ▶ Reefers

For more information, please contact us:

Industry is on the move. Lithium ion batteries from XALT Energy provide safe, dependable energy to keep things moving. You get a long runtime without the downtime.

XALT Energy systems are specifically engineered for your application. With our engineering and integration expertise, you'll get unparalleled system design.

XALT Energy systems provide:

- ▶ Proven lithium ion technology
- ▶ Long cycle life
- ▶ High power and energy densities
- ▶ Lower total cost of ownership

We offer industrial-strength solutions to keep you in motion.
